## New Rooms

The recently renovated rooms were inspired by the color palette of nature surrounding the Resort. The new design prioritizes comfort, space, and modernity.

The resort's renovation focuses on the Executive, Deluxe, Deluxe Natural Park View, and Junior Suite room categories, infusing them with a fresh, modern, and light touch.

The design incorporates natural elements to create a sense of tranquillity and connection to the surroundings.

## Golf

We are thrilled to announce the integration of nine advanced robots into our team, that now work tirelessly on the 13 hectares of our Atlantic golf course, marking a significant moment in improving its maintenance. This initiative not only positions us at the forefront of golf course maintenance technology but also substantially enhances the quality offered to our players.

This solution will redistribute our most valuable resources, our estimated team, to improve other areas of the course, ensuring high-quality and effective maintenance and management across all areas.
